

24hrs Rule China

Hamburg, 03.03.10

Dear Customer,

The implementation of the 24 hrs rule will be further developed. As in the past we will not insist on the presentation of bill of lading instructions before vessels arrival, but to meet the new requirements we have to set following new cutoff date.

With immediate effect the bill of lading instructions have to be presented latest 4 days after vessels departure date.

Any failure to meet this deadline may result into customs fines, which will be charged to the account of the presenting party.

We will inform you about any further developments in time.

Kind regards,

COSCO Container Lines Europe GmbH
